(3) The residential collection service user fee is established at the rate of fifteen dollars ($15.00) per month per residential household.

(4) User fees shall be added to town utility billing whenever possible. The town administrator is authorized and directed to institute collection mechanisms, rules and regulations and means as shall be deemed by the town administrator to be efficient, appropriate and expedient to effect collections. (as added by Ord. #12-10-03, Oct. 2012)

17-110. Initial enrollment. During the forty-five (45) days following the adoption of the ordinance comprising this chapter or by 5:00 P.M. on December 3, 2012, whichever is later, current town residents will have the opportunity to "opt out" of receiving the residential collection service by completing a form that will be provided to all town residents. Persons who decide to opt out will not be billed for this service, but may opt in and receive the service in the future, and will at that time be billed accordingly. After the forty-five (45) day time period expires or 5:00 P.M. on December 3, 2012 has passed, whichever is later, those residents who do not opt out as provided above and any new residents moving into the town thereafter will be billed for this refuse service, and will not have the ability to opt out.
